

## Habitat Restoration Project 2010

- Duffins Creek: Pickering, Ontario -

---

### Uxbridge Pickering Townline Barkey Cattle Exclusion Fencing

Habitat Project Lead: *Ontario Federation of Anglers and Hunters (OFAH)*

Habitat Project Funding Lead: *OFAH*

Date Completed: *October 21, 2010*

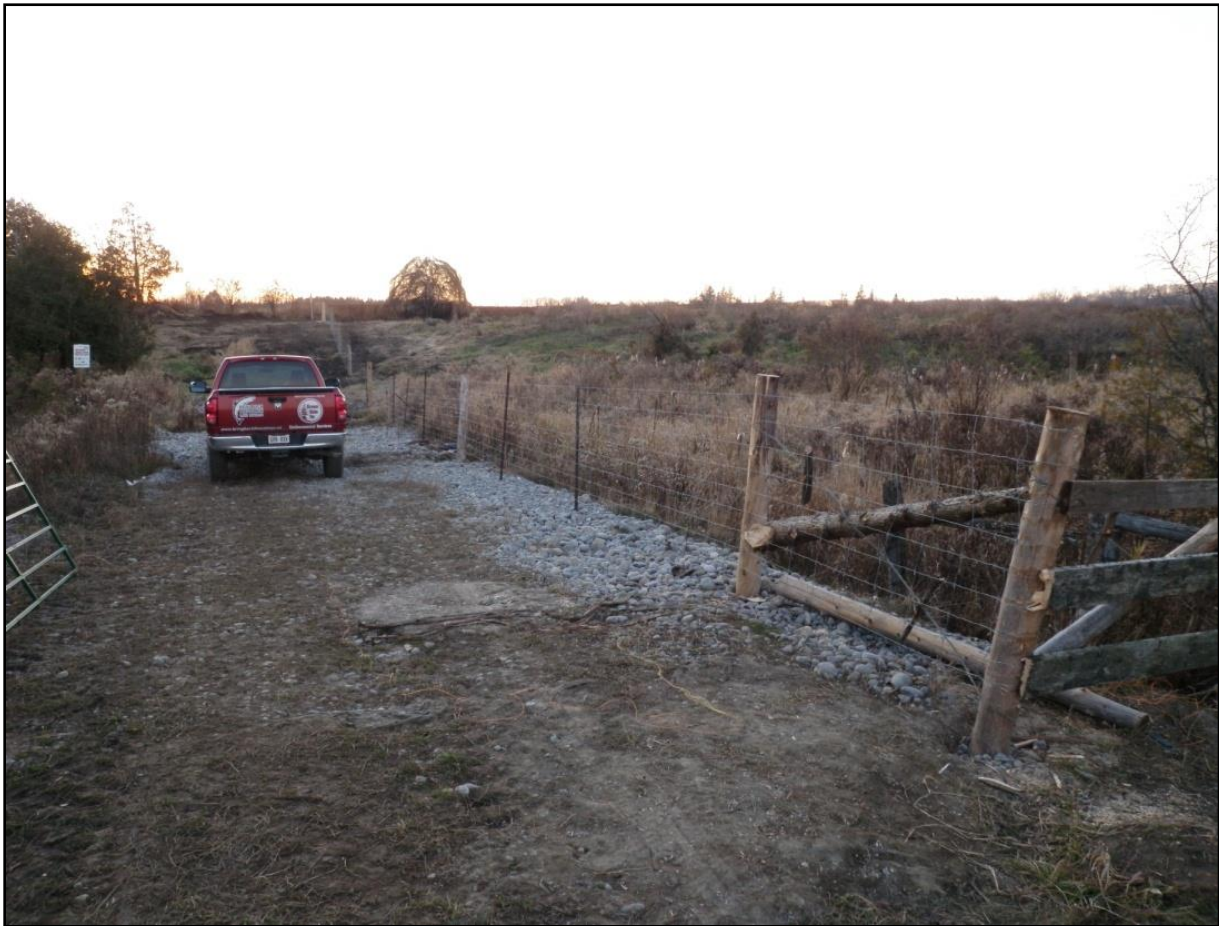

The Barkey property is located in Pickering, Ontario and is a site of a previous restoration project. In 2007, cattle were fenced out of Duffins Creek and a low-level stream crossing was constructed for cattle and farm equipment. The fencing was in need of additional length and repair. On October 21<sup>st</sup>, 2010, 11 volunteers completed a 9 m shoreline length of fencing on the Barkey property to exclude cattle from the creek.

**Figure 1:** Old cattle fencing shown in photo and new hole being dug to place in new fence posts on the Barkey property.

**Figure 2:** Volunteers placing new poles into the ground to exclude cattle from elsewhere in the stream.
